

# Tran Sy Tai

---

Birthday: 04/08/1994

Email: transytai12a1@gmail.com

Address: 38B34 Cay Keo St, Tam Phu Wd, Thu Duc Dist, HCM City

Phone: 0382014321

Year Experience:: 3+ years

---

## Education

2012 - 8/2016: **Software Engineering**, HCM University Technology Education

Major Subject: C/C++, C#, Java, 00AD, Database...

## Technical Skill

### Programming Language:

- Ruby (Level: **Intermediate** - **Expert**)
- Python (Level: **Intermediate**)
- Javascript (Level: **Intermediate**)
- Java (Level: **Beginner** - **Intermediate**)

### Frameworks and Technologies that is used

- Ruby on Rails, Sidekiq/Resque, Elasticsearch,.. (Level: **Intermediate**)
- Django python, celery... (Level: **Intermediate**)
- AngularJS v1 (Level: **Intermediate**)
- AngularJS v2+ (Level: **Beginner**)
- NodeJS, Express.. (Level: **Beginner** - **Intermediate**)
- AWS, EC2, Minio

### Databases (system backend) that are used

- MySQL (Level: **Beginner** - **Intermediate**)
- PostgreSQL (Level: **Intermediate**)
- SQL server (Level: **Beginner** - **Intermediate**)

### HTML and CSS and some Frameworks that are usedd

- HTML (Level: **Intermediate**)
- CSS (Level: **Beginner**)

- Bootstrap (Level: **Beginner**)
- Material (Level: **Beginner**)

### Version Control System that are used

- Git (Level: **Intermediate**)
- SVN (Level: **Beginner - Intermediate**)

### Web-based management tool that are used

- Jira
- Gitlab
- Slack
- Redmine

### Software development methodology

- Scrum and Agile

### IDE is used for developing

- Vim (Level: **Expert**)
- Vscode (Level: **Intermediate**)
- RubyMine (Level: **Intermediate**)

## Employment History (Working Experience)

9/2019 - present: **Remitano**

No	Project Name	Responsibility (Position)	Techniques	Member(s)
1	Remitano	FullStack	RoR, Postgres, React, AngularJS, Reverse Engineering...	12+

1/2018 - 9/2019: **Hyakusenrenma/Sezax**

No	Project Name	Responsibility (Position)	Techniques	Member(s)
1	Tomareru	Backend	RoR, Mysql, Solr, Git, S3...	20 (FE: 6, BE: 12, QCQA: 2)
2	Image Store 2	Backend	RoR, Mysql, Elasticsearch, Git, S3, minio, AWS...	6 (BE: 4 FE: 2)

9/2016 - 12/2017: **Global Cybersoft**

No	Project Name	Responsibility (Position)	Techniques	Member(s)
----	--------------	---------------------------	------------	-----------

No	Project Name	Responsibility (Position)	Techniques	Member(s)
1	Process Mining	RnD	ProM tool, BPI domain...	1
2	CPS (Chiller Plant System) Stage 1	Frontend Developer	AngularJS framework	5 (FE: 3, BE: 2)
3	Map OEM	Full Stack Developer	Javascript, AngularJS framework, NodeJS.	1
4	CPS Stage 2	Backend Developer	Python, Django framework, REST framework, Celery..	4 (FE: 2, BE: 2)
5	Nirdizati	RnD	BPI domain (Process Mining, Machine Learning...), AngularJS, Python, Django framework, Kafka, Docker...	1

## Certifications

- **February 2016:** FPT Global software talent training
- **September 2016:** Bachelor's degree of software engineering
- **October 2016:** The Data Scientist's Toolbox on Coursera's course
- **November 2016:** R programming on Coursera's course
- **January 2017:** Getting and Cleaning Data on Coursera's course

## Position Applied For

- Ruby Developer or Full Stack Developer (Frontend/Backend or Both)

## English Skill

- Level: Intermediate
- Ability: Can read, write the documents in English

## Personal Skill

- Creative.
- Teamwork.
- Organization.
- Communication.

## Additional Information

### Personalities

- Cheerful, honest, careful, hard-working, customer focused, responsible, self-confident, patient, eager for learning

### Interests:

- Read books about science and IT
- Play soccer, swimming
- Listen English songs, read manga
- Document all techniques that have learned

### **Social Activities**

- Sometime take part in a lot of activities of Faculty and School, e.g: Summer Green Campaign, Spring Volunteer..
